

# L70W-3PT

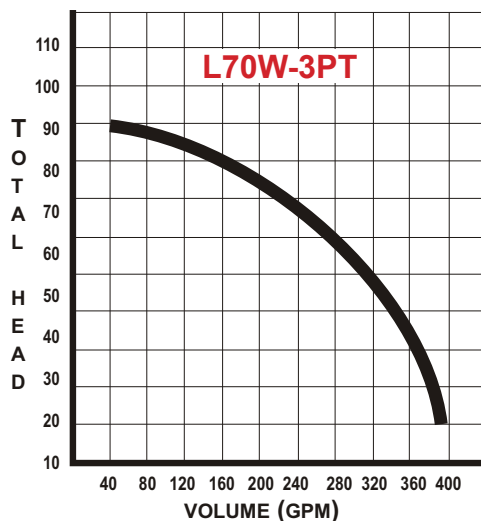

## TRASH PUMP

Diesel America offers a series of polyester solids handling pumps in 2" and 3" configurations for light duty applications. All pumps are mounted on vibration isolators and enclosed in an stainless steel roll cage. This series of pumps are ideal for salt water applications. Pumps are powered by the Yanmar L70W air cooled diesel engine. Available with optional stainless steel roll cage.

### Specifications

Suction/Discharge	3"
Solids Handling	1/2"
GPM	360
Total Head	78'
Max Pressure	33 psi
Seals	Buna-N
Impeller	Poly
Pump Housing	Poly
Priming Lift	25'
Engine	Yanmar L70W
Horse Power	6.7 hp
Fuel Tank	3.3 ltr
Running Time	4-5 Hours
Starting	Recoil
Pump End	AMT
Dimensions	24"L x 18"W x 20"H
Dry Weight	130 lbs
